DRUM COMMODITIES LIMITED (DCL) VISIT TO LIBERIA

ENEWSLETTER - JANUARY 2015

I have recently returned from Liberia and it is very rare in life that you meet a real life hero. I know how busy everyone is but could I please ask you to put "SAMUEL NIMLEY LIBERIA" into YouTube. Samuel was asked by President Sirleaf on 27th July 2014 to head the Ebola recovery unit. He "volunteered". Up until the end of November 2014 he burned 2,871 bodies, including 7 pregnant women. He is married with 3 children and every night he went home he "air" hugged his wife and the children.

Ebola has been stopped in his tracks. Such selfless acts of both bravery and humanity deserve the highest possible recognition. Lunch at the White House would be a good place to start! Anyone know how to achieve that?

Please be assured that Liberia is very much open for business. DCL runs operations on fuel and rice and plans to be expanding these this year into other commodities and inland as well.

Please see below some photographs:

"The Invisible Killer" – poster in Ecobank offices Monrovia

"Government Poster"

"Shaking hands" – the Liberia way

"Washing hands everywhere" – and temperature taking too

"Warning to wash hands" – one crucial and very simple way to avoid the disease

"Business goes on" – a clothes store in Monrovia open for business

"Immaculately stored rice"

DCL donated \$10,000 to the Red Cross last year. The war against Ebola is not over. It continues and especially so in Sierra Leone and Guinea. Can I please urge every company to donate. This disease must not just be stopped but eradicated.

If anyone would like to know more, then please do not hesitate to contact me on my mobile: +44-7887-643-973.

And do please take 2 minutes to see Samuel Nimley in action on YouTube.

Kind regards,

Andrew
